

# Local Work Group development of local EQIP.

Chippewa District FY09 EQIP

1. List the local resource concerns that EQIP can address:

Soil Erosion

Water Quality

2. If applicable, list any geographic regions (i.e. watersheds, townships, etc.) and their respective resource concerns within the District to receive priority:

Shakopee Creek Watershed

Lines Creek Watershed

3. From items 1 & 2 above prioritize the local resource concerns to be addressed with EQIP funding for the district. Describe a minimum of 3 categories of the highest priority applications which you would want to receive funding.

Soil Erosion – Structural practices

Water Quality- Nut. / Pest management

4. Develop a minimum of 3 and maximum of 12 yes/no questions to determine if an application is addressing the high priority concerns described in item 3.

Does this application include structural practices? (20pts)

Is this application in the Shakopee Creek Watershed? (10pts)

Is this application in the Lines Creek Watershed? ( 10pts)

Does this application include two or more practices? (20pts)

5. Assign points to the questions in Item #4 as desired to reflect local priorities. The total points assigned to the questions should be between 35 to 60 points.

Above.

6. Submit this worksheet to your respective ASTC(FO). After approval from the state office, the questions will be entered into the Local Issues section of the ranking tool.

7. List any recommended practices to be deleted from the state Conservation Practice Payment Document

None.

The local EQIP program description, cost-share docket changes, and ranking worksheet must be reviewed and approved by the State Conservationist before any EQIP contract is approved and signed.
